

Certificate of Accomplishment

Presented to:

The Marvin

In recognition of your 20th Anniversary and in honor of twenty years of providing valuable services to families, residents, and the Norwalk community. Your efforts to provide affordable housing to generations of older residents, high-quality preschool programs for children, and intergenerational activities between individuals in those two programs, demonstrates a commitment to inclusiveness and compassion that makes you a leader in our state. You have fostered an integrated, culturally vibrant space where residents and children can find community with one another, bringing tremendous pride to the State of Connecticut. It is my privilege to honor you and to represent you in the United States Senate.
