Applications may be submitted during open application periods. Following submission of a completed application, eligibility criteria are confirmed and income is verified. At the conclusion of the application period, a Lottery is held to determine the Waiting List order of the current round's applicants. As applicants approach the top of the Waiting List, personal interviews are conducted to ensure that The Marvin will meet the needs of the applicant.

To be considered for the Waiting List, applications must be complete, including all required third part documentation on income and assets. Residents are selected in compliance with Fair Housing Laws, State of Connecticut guidelines for Congregate Housing for the Frail Elderly, and Low Income Housing Tax Credit Guidelines.

The enclosed brochure and application packet has specific details as to eligibility and application procedures. Please do not hesitate to call for additional information.

Round 61 applications will be accepted between September 1, 2017 and December 31, 2017. The Lottery to determine the Round 60 Waiting List order will be held on January 10, 2018.

Note - ALL applicants who submit completed applications and meet income and age eligibility are placed on the Waiting List. The Lottery is to determine the order of applications placed on the Waiting List, **AFTER** those that have already been on the Waiting List in prior applications periods. It is estimated that the current wait for an apartment is approximately two–three years.

We are very excited about all that The Marvin offers and hope that you will want to make The Marvin your home. We look forward to hearing from you.
